Cable EAA Chapter 448 Resurrected!

Over 38 volunteers showed up at May's meeting to inject new life into the proud organization. Thank you Bob Cable and Bill Cary for spearheading the charge for the last 9 months. Now we have a new President and Board of Directors and everything! How cool is that.

EAA Chapter 448 of Cable Airport met on Thursday evening, May 21st to discuss energizing the chapter and moving forward with plans to bring back EAA Young Eagles events to Cable Airport. The entire Cable Airport community was invited to this meeting in a message from new Chapter 448 Acting President, Mike Clearman, who laid out his vision for the chapter by stating, "Chapter 448 has ambitious plans to energize the chapter and we would like to enlist the entire Cable Airport community in this endeavor. Our vision is to have a monthly open house at the Cable Airport, on a Saturday, where Chapter 448 would administer Young Eagles and show off the aircraft building facility. The goal is to fulfill the EAA Mission Statement."

Mike Clearman went on to say, "Chapter 448 would like to partner with the other aviation organizations present at Cable Airport and have the open house Saturday a time where all of the aviation organizations have representatives available for the visiting members of the community. The goal is to make Cable Airport Open House Saturday a monthly destination for the entire surrounding community."

The meeting at the EAA Clubhouse/Builder Center on the north side of the airport drew in nearly 40 attendees, including members from a number of other Cable organizations, including Civil Air Patrol, Commemorative Air Force, Cable Air Show Committee, and the Ninety-Nines. Many of the attendees were attending their very first EAA meeting and had been brought to the meeting by the special invitations posted around the airport and personally conveyed by other EAA members. Sixteen new members were signed up for EAA Chapter 448 membership.

Special guests from other local EAA Chapters also attended, including Jim O'Brien, President of EAA Chapter 1 at Flabob; Mark Beattie, President of EAA Chapter 494 at Corona; Roberta Phillips, one of the Young Eagles Coordinators for Chapter 1; and Debbie Cheney, another experienced board member from Chapter 1.

Mike Clearman began the meeting with a discussion of EAA National's overall vision, "a vibrant and growing aviation community" and mission, "to grow participation in aviation by promoting the 'Spirit of Aviation' ". He went on to explain some of the ways EAA seeks to serve the community and how Cable Airport EAA Chapter 448 can take part, including "inspiring new participants in aviation" and "enriching the participation experience".

Mike then explained that the EAA Young Eagles program, an introductory flight experience program for young people ages 8 to 17, has proven to be an important catalyst for community outreach and is one of the important ways that EAA Chapter 448 hopes to increase participation in chapter events and to create partnerships with other Cable Airport organizations and the community.

EAA Chapter 448's new Young Eagles Coordinators, Bobby Lee Litchfield and Leslie Crosby, were introduced at the meeting as well as the chapter's new Young Eagles Education Chair, Danielle Reynolds. Leslie

.....

.....

Crosby presented the proposal from the chapter's Young Eagles Committee for restarting the EAA Young Eagles program at Cable. The Chapter 448 vision includes hosting an EAA Young Eagles Day which will function as an Airport Day / Open House on the south side of the airport, in the area north of Maniac Mike's. The first such Young Eagles event is scheduled to be held on the morning of Saturday, June 27th.

EAA Chapter 448 is inviting other organizations to participate in the Young Eagles Day / Airport Day by having representatives available to interact with Young Eagles, their families, and drop-in community visitors.

Any and all volunteers looking for a great day at the airport among aviation-minded folks are invited to help out with the Young Eagles program and be a part of encouraging young people, their families, and community members to experience more of what aviation has to offer.

Additionally, the chapter is inviting static display aircraft in addition to the aircraft used for providing Young Eagles flights. Display aircraft that meet the requirements for display of historical aircraft will be eligible for a display sign-off.

The Young Eagles Day will be capped off by an EAA Chapter 448 meeting and lunch on the north side of the airport at the close of the Young Eagles event. All Young Eagles event volunteers will be invited to the lunch and meeting as well as anybody interested in finding out more about EAA, homebuilding, and other activities at Cable Airport.

Here is the proposed schedule of Cable Airport EAA Chapter 448 Young Eagles Days for 2015:

June 27 - August 22 - September 26 - October 24 - November 21

Please step up and volunteer to take part in a Young Eagles event and enjoy a really great day with some old friends and make some new friends too!

Volunteer pilots are needed for flying Young Eagles and ground volunteers are needed for everything from registration, educational stations, safety escorts/monitors, greeters, impromptu storytellers, you name it! Ground volunteers are not required to be EAA members. However, pilots who want to fly Young Eagles must be EAA members.

If you are not yet an EAA member, there is now no excuse not to give it a try -- EAA Chapter 448 is currently sponsoring a special no-cost introductory membership to both EAA National and to Chapter 448. Come try out EAA, get a free subscription to the beautiful EAA magazine, "Sport Aviation", and be a part of a growing group of friends of Cable Airport who want to help spread the "Spirit of Aviation"!

To get involved with Young Eagles as a pilot/ground team member or to join EAA Chapter 448 with a no-cost introductory membership, please contact Leslie Crosby at Chapter448YoungEagles@gmail.com

You can reach Mike Clearman, Acting President of EAA Chapter 448 at mmcesq@gmail.com or 626-705-5773

The Offspring

Cable Hosts a Blind Date

On the evening of May 16th, 2015 Cable Airport broadened its scope of special events by co-hosting, along with the radio station X103.9, an event where 120 lucky contestants won tickets to attend a promotion called a "Blind Date". The lucky winners were provided instructions which led them to arrive at the Montclair Metrolink parking lot but not much more. Once they arrived at the parking lot these attendees were whisked away via party buses to the "unknown" location to see what they were told was an intimate show with a popular band. Pilot Mike Estu, of Upland, watches the air show from on top of the Antonov An-2 during the Hangar 24 AirFest & 7th Anniversary Celebration at Redlands Municipal Airport in Redlands, CA

Cable Airport's 3rd Pursuit Squadron of the Commemorative Air Force, makes a great showing at the Redlands Airshow.

The Commemorative Air Force is an all-volunteer, non-profit 501 (c)3 organization. One of the purposes for which it is organized is to acquire, restore, and preserve in flying condition a complete collection of combat aircraft which were flown by all military services of the United States, and selected aircraft of other nations, for the education and enjoyment of present and future generations of Americans.

Join the 3rd Pursuit Squadron here at Cable Airport. Fly to air shows and teach people about the war birds we maintain and fly. You can be part of saving history for future generations. Think of the fun you will have traveling in the Messerschmitt ME108 or the Antonov AN2. You can even be a squadron pilot of these magnificent machines. Like any volunteer organization, we need people! I can promise you a great aviation experience that few in this world will ever imagine.

Call Tony Settember at (909) 917-5851 or come by our board meeting on the first Wednesday of every month at 7pm. You don't know what you are missing until you try.

The Av8r Shop

GENERAL STORE

SNACKS • CLOTHING • GIFTS • PILOT SUPPLIES
...and more!

Hello Cable friends!

We are so excited because this month marks the 1 year anniversary of The Av8r Shop. It's been a great year and we look forward to many more years here at CCB. We listen to the suggestions and requests from our customers and we have added several more products to our inventory. By popular demand we now have in stock Approach Plates, flight training manuals and supplies for Commercial Pilot, Instrument Rating, and Helicopter Pilot, 5606 hydraulic fluid, silicone lubricant, and Aeroshell #5 grease.

We are also pleased to announce the opening of our art gallery where you can come and see many limited edition prints signed by legendary pilots of WWII and beyond.

We are open Tuesday - Friday 10:00 a.m. - 3:30 p.m., and Saturday - Sunday 9:00 a.m. - 4:00 p.m. We look forward to serving you!
