Well Done! What a fantastic Airport!

Thank you all for donating your time, energy, money in demonstrating the Spirit of Aviation at Cable Airport!!!

The mission was to engage, educate and fly 24 Young Eagles. Mission accomplished! There were kids and families walking around, experience the education stations, attending ground school and looking at airplanes. A wonderful sight.

What makes this happen is volunteers and boy did we have many. Folks ere setting up, greeting people, running the education stations, talking, making and serving lunch and cleaning it all up when it was over.

There was conspicuous financial sharing this time. An extremely generous donation of \$100 dollars was left in the lunch donation jar. Thank you!! Should the donor care to contact me, Chapter 448 can provide a receipt for tax purposes. We are 501 (c)(3)! All in there was \$192 donated to 448 Saturday. Thank you!

If you have not attended a 448 YE event yet, you should try and make time. This past event was attended by Steve Williamson and his Pietenpol. Steve is the EAA chapter prez at French Valley. His shared thoughts at lunch and displayed his aircraft. Also in attendance with his Dragonfly II was Tom Hall. He also spoke about his project and displayed it as well.

Looks like the YE project at 448 has a head of steam. Let's keep it going. Leslie Crosby, her son Sean, Danielle Reynolds, Tony Settember are the reason the is thing got started. It is up to everyone else at Cable Airport to keep it going. Looks like the great people involved will do just that.

Check out our Facebook page for photos snapped by our photographer & lunch maker Evonne Terrance.

Gatos Car Club's Rockabilly Car Show

was a great success. With over 100 show cars, 25 Pin-Up girls and 30 vendors along with live music and games it proved to be a great day for the family. Kids had things to do, parents had plenty to check out along with plenty of food and drinks and great weather!

Late Enrollment Allowed Through September 29, 2015

Do you want internet access in your hangar?

The Airport Office is considering allowing an internet service provider to install wireless technology on airport grounds in order to provide internet access, for a fee, within the hangars. Estimated fees would be roughly \$20 - \$40 per month for personal class service and roughly \$100 per month for commercial class service (pricing based upon speed). , call us at 909-982-6021, or email Stephen at sdunn@cableairport.com.

PS.. Tony Settember at Foothill Flying Club is using it now. "It is wonderful!" Say goodbye to Verizon. Fast reliable internet finally has arrived at Cable. Very Fast. It is a great deal.

High School and College Students ask for special discounts.

NEWS FROM CABLE FBO's

It is L.A. County Fair time. Look for heat and rain and cold. It is great to see you all come back after the summer. I cannot believe how all the kids have grown.

Happy Anniversary to Maniac-Mikes Café for 15 years of service.

Thank you for choosing to dine with us. From Mike and the Crew..
