Join us at our fourth annual  
**Eco-Friendly, community event!**  
It is the perfect way to enjoy  
a relaxing evening in

*Historic  
Downtown  
Upland*

"A" Street in Historic Downtown Upland will be transformed into an elegantly decorated open air adults only gathering place, where you will walk among restaurants and caterers featuring delicious cuisine with aesthetically pleasing temptations for the eye and the palette, while enjoying beer from local brewers plus delicious wine tasting from local merchants and vintners.

For tickets and information, contact the Upland Chamber of Commerce  
**909-204-4465**  
or visit our website:  
[www.uplandchamber.org](http://www.uplandchamber.org)

**Cost is \$35.00 per person**  
(Must be 21 to attend)

Discover Upland is a partnership between the City of Upland and the Upland Chamber of Commerce.

**Dave Franklins**  
Private Pilot Ground School  
Begins May 01, 2012

Join Dave's Class of new pilots.  
Take this class to pass the FAA  
written exam or for a great refresher.

Tues and Thurs. Nights  
630 to 930  
15 weeks.  
Cost \$235 plus books and materials.  
Call 909 917 5851 to sign up.

**High School and College Students ask for special discounts.**

# JEAN BUSTOS SCHOLARSHIP APPLICATION

PLEASE COMPLETE, ATTACH ADDITIONAL SHEETS IF NECESSARY, SIGN AND DATE THIS APPLICATION PRIOR TO MAILING.

ANSWER THE FOLLOWING THREE (3) QUESTIONS:

1. What first interested you in aviation?

---

---

---

---

2. What would you use this scholarship for?

---

---

---

---

3. Why do you think this scholarship should be awarded to you?

---

---

---

---

APPLICATION REQUIREMENT: INCLUDE A RECENT PICTURE OF YOURSELF

APPLICANT'S NAME \_\_\_\_\_

APPLICANT'S ADDRESS \_\_\_\_\_

APPLICANT'S TELEPHONE NUMBER(S) \_\_\_\_\_

E-MAIL \_\_\_\_\_

APPLICANT'S SIGNATURE \_\_\_\_\_ DATE \_\_\_\_\_

I declare under penalty of perjury that the information I have given is true and correct and that I meet the requirements for this scholarship.

**Final Scholarship award will be contingent upon a panel interview**

## Lease Opportunity Available

Lease your brand new American Legend Cub to Foothill Flying Club. Do it before the end of the year for possible tax savings. Call Tony for more information. 909 917 5851

## American Legend Cub Light Sport Aircraft

The Legend Cub is the best selling American made Light Sport Aircraft. Buy, Fly, and Rent a Legend at Foothill Flying Club, bringing you only the finest of aircraft and customer service.

Ask about the special discount on the **Super Legend Cub**.

## Jim Lloyd, Gone West.

Navy Pilot, Former Congressman,  
Cable Airport Pilot Family

**James "Jim" Lloyd**, 89, a former congressman who went directly from West Covina City Hall to Capitol Hill, has died Feb. 2, after crashing his 2003 Acura on Scenic Highway in Pensacola. He was visiting his grandson, Seth, who is training to be a Navy pilot. Lloyd apparently sustained a massive stroke and lost control of the car. He died 11 days later. No one else was injured in the solo-car crash.

Lloyd served on the West Covina City Council from 1968 to 1975. He was elected to Congress immediately afterward and served three terms, from January 1975 to January 1981.

Lloyd was born in 1922 on a farm in Washington state. He graduated from Klamath Falls High School in Oregon. He earned a bachelor's degree from Stanford University in 1958 and a master's in political science from USC in 1966.

He flew Navy jets in World War II and Korea and was in Cuba during the 1962 missile crisis where he served as director of public affairs and cold war activities at the U.S. Naval Base Guantanamo Bay. Later in life, he continued flying fixed-wing craft and helicopters.

James Lloyd lived in West Covina with his wife, Jackie Vaughan Lloyd, until recently. Lloyd moved to Cameron Park, near Sacramento, to be with his son, Brian, 57, after his wife passed away last year. The pair had been married 63 years.

Lloyd had a seat on the House Armed Services Committee. He made firsthand recommendations about defense spending proposals after taking aircraft on test flights. After Lloyd lost in 1980 to Dreier, he and Jackie set up a consulting business in Washington, D.C. Earlier, in West Covina, they ran Lloyd's Public Relations. "They always worked together as a team, both in Congress and after he lost," Brian, his son, remembered.

Lloyd is survived by his son, Brian, 57 and two grandsons: Cameron, 30, a graduate of Sacramento State University and Seth, 24.

He will be interred at Arlington National Cemetery with full military honors sometime this summer. No date has been set for his memorial service.

Jim Lloyd was a Cableite. His first relationship was when he became part of Cable Commuter Airlines with Roger and Millie. Then, when CCA folded, he ended up with CCA's C-182, N313DF which he then leased back to the flight school. It was the beginning of a life-long relationship with the airport and the Cable family. He got his civil ratings there and his son Brian learned to fly there too. "I can't remember a time when he did not consider CCB to be our "home" airport and Dewey, Millie, Paul, Walter, Roger, and now Bob and Mike his good friends. The Cables and the airport were just part of our family," said Brian.

.....  
: "World's Largest Family-Owned, Public-Use Airport" :  
.....

Do you recognize these two top pictures from the airport .....we haven't seen this view in a long time...even from the air. The picture on the top left is taken along side the North West fence bordering Holliday Rock Co. The picture on the top right is from the road just West of the fuel island. Holliday Rock Co. cleared all/most of the trees and brush on their property giving us a clear view. It caused the local coyote families a lot of distress, as their dens were suddenly gone. It is not uncommon to see them around the airport during the daylight hours. One was seen at 17th and Mountain at 9:30am one morning.

The picture on the lower right is a plane coming base to final on Runway 6

**3RD PURSUIT**

**SQUADRON**  
*Upland, Ca.*

### 3rd Pursuit Squadron, Commemorative Air Force

Would like to invite those interested in hearing Lt. Col. Gevin Harrison, currently a C-17 pilot out of March Air Reserve Base. He will talk about Operation Deep Freeze when he flew a C-141 to Antarctica. He will demonstrate the cold weather gear they wore and show slides of the base in Antarctica.

April 21, 2012  
RSVP is a must!

Marian—951-237-9610 or

Bud—951-415-9563

Dinner \$12.00 No Host Bar

Starts at 5:30pm—Dinner at 6:30  
CAF HUT at Cable Airport

## San Gabriel Valley Ninety-Nines Present

# As The Beacon Turns . .

Cableites have been busy with their projects; traveled to the far reaches of the world; joined together in the proverbial search for a fun place to fly for breakfast, brunch, or dinner; and taken that terrifying step into the wild blue yonder, trusting that their many hours of love and labor will hold together until they touch down again. Most of us other Cableites never hear about these adventures or possibilities. Along with other pertinent happenings affecting Cable Airport.....

*As The Beacon Turns . . . . .*

Gone West is our local resident Joseph Cairrao. Joe and Nella have lived on the corner of 13th Street and Benson since early 1950s. We will have more about Joe next month.

## Message from EAA Chapter 448 President Fred LaForge

**FRED LAFORGE**  
FRED.LAFORGE@VERIZON.NET

**PRES.**  
EAA448

**AM** (CELL) 909-969-1528 **PM** (HOME) 909-599-7334

Hi all its been an interesting.....cool month.. You should have seen our guys go at it installing the new compressor. We had a great group of guys working on it and it turned out great, thanks fellows. We now have.....air.

Our next meeting will be on **(SATURDAY) April 7** at 7pm. It is our quarterly pot luck. So come bring something good to eat and we will re-affirm our reputation. We used to call ourselves the chubby chapter.

Our speaker for the evening will be Paul Rosales. Paul "Rosie" Rosales, the son of a private pilot/AP grew up in the aviation rich Antelope Valley, CA and completed his private pilot training in 1979 at age 19. For the next 21 years, he along with his wife Victoria (Tuppergal), rented aircraft and accumulated 350 hours total time. They started building their own custom RV-6A aircraft in the summer of 1995 with first flight in the summer of 2000. Since then they've flown their plane over 3,400 hours to 49 states and 5 foreign countries.

Most of us who walk into Maniac Mikes Café, even on a daily basis, have forgotten that there was a plane topiary planted in the big barrel just North West of the patio.

Six or seven years ago, Geri Silveira sold her C-140 and bought a "Zlin". She was such an excited pilot, she thought she would gift others with her joy of flying, and purchased the topiary for the Café. Many years we all clipped and pinched leaves off and kept it pretty. As all things go by the wayside- so did the pruning of the plane. It became just another barrel of green leaves.

Last week, a customer at Maniac Mikes just shook his head, muttering, he left the Café. Then he returned carrying hedge clippers. AND lo and behold, there the plane was!!!

It still needs to get its tail feathers filled in more, but with all the tender loving care it will receive, the full plane will emerge and chances are, it will remain a plane from now on!! Thanks again Geri!!!!

## NEWS FROM CABLE FBO's

### Maniac-Mike Cafe

Well here we are heading into April already where we may be getting into the wet time of the year.

We will be making double batches of soup to keep you warm and of course, the chili is always ready. You can always check the day's soup and specials at

[www.maniac-mikes.com/specials](http://www.maniac-mikes.com/specials).

All of here at Maniac-Mikes Café, send our sincere condolences to the Cairrao Family in the loss of "Joe", our "airport mayor", many of us at the airport will miss him. May you have a blessed Easter Holiday with friends and family.

## Foothill Aircraft Parts & Service (909) 985 - 1977

Do you know we now have flat rate annual inspections? Do you know we have "owner-assisted" annual inspections. Cable tenants will not only save money, they will have a fully insured and FAA approved repair station's log book entry.

Need a wash or complete detail? We can handle that right at your hangar. **Call Curtis Cable 909 985 1977**

Our local mountains taken from Rancho Cucamonga on 3-19-2012.
