"Clear Prop!"

By John Silvers

Stepping Up Your Game

As we enter the new year, I like to reflect back on the past year gone by, and give some thought to how I might have done things better, if given a second chance.

Second chances are a rare breed in aviation. Most of us study the NTSB reports for some clues, to learn from other peoples mistakes, to help keep us alive.

I lost several friends over the last 10 years. Most of those friends would still be with us if they had just "Stepped up their game". If they had been just one percentage point more professional. If they had just been a slightly better pilot. If they had perhaps, studied a little more, got a little dual now and then. If they had listened to their inner voice, or their friends, or their loved ones, or their

.....
Coulda, oughta, shoulda.....
You know what I mean.

A few of my macho pilot friends are not at the dinner table anymore and I realize that this could be my fate too.

A hard landing, a bent wingtip, a little hangar rash. Not so bad now and then. But all of those things did not have to happen either if I (we) had stepped up our game. Had been a little more professional. Had been a slightly better pilot. If I had gotten only one more hour of dual. Sound familiar?

So this year will be my year to step up my game. So that I can see my friends one more time. So I can show up at the table. Safety begins in your head.

CABLE AIR SHOW JANUARY 6-7-8, 2012

ATCT Operating Times (local) Airport Closure Times (local) *Frequencies*

There will be a temporary ATCT for the Cable Air Show. The following are procedures that will be in effect during the event. Please check NOTAMS if you plan to fly during the event for any updates.

(No ATCT for Aerobatic practice)
Sat. Jan. 7, 2012 0800-1700
Sun. Jan. 8, 2012 0800-1700

Fri. Jan 6, 2012 1200-1400 **Unicom 123.0**
Sat. Jan 7, 2012 1000-1130 / 1400-1530 **Tower 126.4**
Sun. Jan 8, 2012 1000-1130 / 1400-1530 **Tower 126.4**

Ground Movement Call Tower 126.4 for ANY runway crossing

Departure Procedures

- Look for Event Staff in Orange Vests to assist with taxi directions
- When requested by ATCT, Call Tower on 126.4 prior to entering the taxiway
- Call Tower on 126.4 when #1 for takeoff

Arrival Procedures

- **North of Cable Airport** – Contact Tower on 126.4 at San Antonio Dam (3 miles north of field)
- **South of Cable Airport** – Contact Tower on 126.4 prior to reaching Montclair Plaza (on a 45 degree entry point)

Show Planes and Transient Planes exit South of Runway, Follow Event Staff in Orange Vests to assist with show placement

For the Aerobatic Practice on Friday, January 6, from 12:00 to 2:30pm

Control of the airport will be handled by the Air Show Air Boss. Landings and take-offs may occur in between aerobatic practice sessions. You will be asked to remain 2-3 miles north of the freeway (near San Antonio Dam) until the practice session is completed. All arrivals report to Unicom 123.0 prior to 5 miles from airport environment for sequencing.

Please be aware that the aerobatic box includes the entire gravel pit—from Monte Vista to Benson; from Base-line to just North of the upper row of hangars.

The standard crosswind approach to Rwy 24 goes right through the aerobatic box!!!!

It would be best to plan your arrivals and departures other than from 12 to 2:30pm.

“World’s Largest Family-Owned, Public-Use Airport”

The Cable Air Show would not be as successful if it were not for all of the individuals and organizations that see value in supporting community events and the opportunity to aide the young people in advancing careers in aviation. Our very special thanks to each sponsor, volunteer, and participant of the Cable Air Show—2012

5 p.m. Tower Closes

See all of you at the Cable Air Show 2012

As The Beacon Turns . .

Cableites have been busy with their projects; traveled to the far reaches of the world; joined together in the proverbial search for a fun place to fly for breakfast, brunch, or dinner; and taken that terrifying step into the wild blue yonder, trusting that their many hours of love and labor will hold together until they touch down again. Most of us other Cableites never hear about these adventures or possibilities. Along with other pertinent happenings affecting Cable Airport.....

As The Beacon Turns

Gusty Winds Interfere with Santa's Arrival

Thanks to our Santa Ana winds, Santa's helpers decided to just taxi down the runway, following the Upland Fire Department's Engine, with its siren blaring. It caught the attention of the 100+ kids lined up on the little rock wall in front of the terminal building.

Waiting to help deliver all the toys to the kids, the Upland Fire Fighters, members of the Parks & Recreation Dept. and Project Head Start. This is what Christmas is all about!!

Next EAA meeting will be Thursday Jan 5th.
Mr Ed Mallony, curator of the planes of fame museum will talk about some recently acquired photographs that came from the Tall-Mantz museum.
The meeting starts at 7:00 pm. All are welcome.

Check out the information on the front page——Volume 43.....Just a little Cable Airport Trivia.....The first issues of the Cable Gram were instigated by Roger Cable, a promotional item for Cable Commuter Airlines and Cable Flying Service, the first flight school on Cable Airport. Your current editors, Tony Settember and Mary Barnett have been diligently gathering stories monthly for the past 11 years. Prior to that, Bill Blanchard, Geri Silveira and several others have filled the position. The Cable Web Gram is available at www.cableairport.com/cablegram.

The Shade Hangars will be blocked off during the aerobatic performances per request of the FAA

The Air Show Committee is putting the final pieces together for a great weekend of planes, planes, planes! We just wanted to remind the tenants that the **North East gate** and the **South gate** off Dewey Way will be closed for the weekend. Entry to your hangars will be accessible only by the South East gate by the Quonset hut.

Your gate card will be your "ticket" in during the air show hours of 7am to 5pm. If you have passengers in your car with you, they will need to pay the entry fee as posted. All guests going to your hangar to "visit", will also have to pay the entry fee.

See all of you at the Cable Air Show, January 7-8, 2012

NEWS FROM CABLE FBO's

Maniac-Mike Cafe

As we welcome in the New Year I pray that everyone is blessed in all that you do. The weather is just perfect for this part of the year and things are looking up. We hope that everyone joins us for this years Air Show coming January 7 & 8, 2012 starting at 8am. Maniac-Mikes will be hosting the Pancake Breakfast and the Upland Lions Club will be hosting Lunch both days. All of us at Maniac-Mikes

Café appreciate your business and if there is anything we can do to improve please let us know at michael@maniac-mikes.com. Have a great January 2012!! Bring on the Show!
 REMINDER: The PATIO is now a NO SMOKING ZONE!
