The Big Green Egg EGGFEST AT CABLE AIRPORT held Saturday May 18th

An EggFest is a venue for Big Green Egg enthusiasts to showcase their talents on the Big Green Egg barbecue. It is also an opportunity for those who have been contemplating a Big Green Egg to sample the foods and talk to other egg enthusiasts. In other words the EggFest is a good excuse to get a bunch of people together and make some great food. Cooks come from all over to showcase their talents and the attendees get the pleasure of being the audience.

Hundreds showed up at the EggFest at Cable Airport. If it is good for the airport, it is good for aviation! And..... It is good for the pilot! Yum.....

June Rental Special Cessna 172's are \$10.00 off for the Month of June 2013

That is right! N365ES and N41ME are only \$119/hr for the month of June.
Take advantage of the special savings.
Fly 10 hours and it is like putting an extra \$100 into your flying budget.

Thank you for flying

FOOTHILL AIRCRAFT SALES Open During Construction!!!

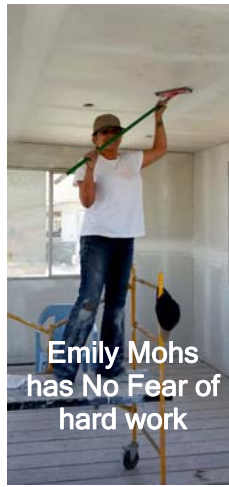

Foothill Aircraft Sales is getting a new look!!! With the help, hard work and support from the Cable community, the office is getting a renewed facelift. Along with the new look, Bob Mohs has joined the sales team.

Bob has been in the sales and auction industry for 30 years and enjoys flying....so it seems fitting that you will now find him at Foothill Aircraft Sales. Bob will be doing what he does best: **SELLING!!**

Bob and Emily Mohs would like to thank everyone who has helped, worked and supported this new venture. A special thanks to Richard French for his hard work and design.

Emily Mohs has No Fear of hard work

Cable Airport Safety Seminar / Fly-in Held May 11th Big Success!

This event was held to provide safety of flight training to local pilots and raise funds for the Cable Airport Foundation.

8 aircraft from neighboring airports flew in for the event, and 60 people from Cable and surrounding airports attended the FAA Wings Safety Seminar.

Cables own Chris LeFave was on hand to do Warbird Rides. He donated \$100 of the proceeds to the foundation.

Maniac Mike held an early-bird pancake breakfast, Ricchiazzi Aviation raffled off Cable Airport T-shirts and a Cable Airport Wall Plaque, and Foothill Flying Club Raffled off 2ea. \$150 discovery flight certificates. The airport discounted the fuel for the day to those who supported the foundation by lowering the price to \$5.25 per gallon! All in all, we raised a total of \$615.00 for the foundation's scholarship fund. Let's do it again!

Speaker David Wittenburg kept the group riveted with his Q&A session and safety presentation. Read David's book, "Unwritten Rules... A Pilots Guide to Working with the Tower". Buy it at www.palatinepublishing.com

Tony Settember (left) presents Mike Stewart \$615.00 for the foundation scholarships.

Thank you Bob Cable for the use of your hangar!

David Wittenburg Speaker

END OF AN ERA WITH CHEVRON

AirPetro, last year, became part of World Fuel Services (WFS), providing aviation fuel to more than 3,000 locations globally. Hank Kras who was our contact with Air Petro, continues being our contact with WFS. Chevron Aviation Fuel Services is not part of that network. As of May 31, 2013, the fuel island will no longer accept Chevron Credit Cards. You can still use your Visa or MasterCard for your charges.

WFS offers their own AVCARD charge card, with 7200 acceptors and fuel suppliers in 200 countries. Here are some of the AVCARD FAQs and Answers:

What is AVCARD?

AVCARD is one of the most widely accepted aviation charge cards used by more flight departments and charter operators than any other card. AVCARD is not just for fuel. Our cardholders can charge fuel, maintenance, charters, catering, flight training and many other aviation services at FBOs, fuel suppliers and other aviation service/product providers worldwide.

Why should I use an AVCARD?

AVCARD can be used everywhere you fly regardless of the fuel brand. AVCARD eliminates the need to carry and process multiple invoices. AVCARD provides detailed billing specifically constructed for aviation. You are billed by aircraft in an easy-to-process format.

How much does AVCARD cost?

There are no hidden costs or fees for any of the services that AVCARD offers.

Where can I use my AVCARD?

AVCARD is accepted virtually everywhere at over 7,200 worldwide locations in 200 countries. For your convenience, our web site lists all international and domestic locations accepting AVCARD

How do I get an AVCARD?

You have several options:

You may fill out an online application or download a card member application from our web site, sign it and either mail it or fax it to us. www.wfs.com/aviation

You may give us the information over the phone by calling 1-800-282-2731 or +44 207 808 5089. You can also call us and ask that we fax or mail you an application.

Stop by one of our AVCARD FBOs and pick up an application from our counter display, then fax or mail it to us.

What other services does AVCARD provide?

We at AVCARD meet the needs of flight departments by providing the most individual attention and the best customer service in the industry. We offer the most comprehensive management reports in general aviation. Our reporting system shows you each month the total purchases of your fleet and of individual aircraft. Each purchase is broken down into each item purchased, each product and service purchased, not just the total spent by vendor and/or location. This enables you to track your purchases by type of product, aircraft and FBO.

The AVCARD will work at the fuel island now. Arrangements are being made for it to be accepted at the Airport Office, Foothill Aircraft Services and Foothill Flying Club.

**HAPPY FATHER'S DAY TO ALL OF YOU FROM YOUR
CABLE GRAM EDITORS
TONY AND MARY**

June 16

As The Beacon Turns . .

Cableites have been busy with their projects; traveled to the far reaches of the world; joined together in the proverbial search for a fun place to fly for breakfast, brunch, or dinner; and taken that terrifying step into the wild blue yonder, trusting that their many hours of love and labor will hold together until they touch down again. Most of us other Cableites never hear about these adventures or possibilities. Along with other pertinent happenings affecting Cable Airport.....

As The Beacon Turns

Note from the Editor: I spent a lot of time searching for dates of air show in California, and it is sad to note that so many are not listed any more....and we miss "Checkpoints" from the Pacific Flyer. Let me know if there are more.

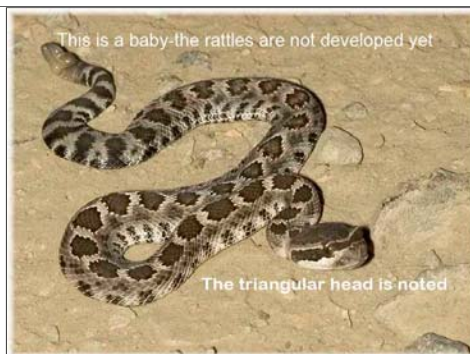

Date	Air Show	Airport	City
June 1-2	Wings Over Gillespie	Gillespie Field	El Cajon, CA
June 7-9	Golden West Regional Fly-in & Airshow	Yuba County Airport	Marysville, CA
July 11-13	Arlington Fly-In		Arlington, WA
July 12-13	Nevada County Airport Air Fest 2013	Nevada County Airport	Grass Valley, CA
June 29	American Heroes Air Show	Lakeview Terrace,	Los Angeles, CA
August 17-18	Wings Over Wine Country Air Show	Sonoma County Airport	Santa Rosa, CA
August 17-18	Wings Over Camarillo Air Show		Camarillo, CA
August 24	Big Bear Air Fair 2013	Big Bear City Airport	Big Bear, CA
August 24-25	Thunder Over The Valley		Santa Maria, CA
August 30-1	Watsonville Fly-in & Airshow		Watsonville, CA

After many months, Cliff Heathcoat *FINALLY* got the plans approved through the city to begin tearing down and rebuilding the snagged-toothed / burned out hangars on the North row. It will be nice to see the three hangars replaced and new tenants in them. Have to admit—seeing them on a daily basis does help people remember to take extra precautions in keeping your hangar fire safe!!!! Did you get your fire extinguishers checked???????

As it gets hotter, our slithering friends from the rock quarry will be looking for a cool place to hang out. One of the favorite places may be along the railing of your sliding hangar door, or around the tires of your airplane. Remember, babies are even more trouble 'cause they haven't learned to conserve their venom, they will give it all to you at one chomp!!

NEWS FROM CABLE FBO's

Maniac-Mike Café

June is here and so are graduations. Congratulations to all of you that have children or grandchildren graduating. Now you have a few months to go play before they continue on in life. The June gloom seems to be burning off pretty early for some good flying weather in the afternoons, while it is still cool.

Maniac-Mikes along with Cable Airport will be hosting our annual Chamber mixer here on June 13th at 5pm. We use this opportunity to bring other business people to the airport and usually have about 20 people that have NEVER been to the airport show up. This mixer usually draws about 75 people.

Maniac-Mike is involved with the Upland Host Lions Club and the 59th annual Fish-Steak-Corn Fest will be happening on August 2, 2013 at Memorial Park from 4:30 to 8:pm. Sponsorships are available for \$50.00, (this puts a pair of glasses on an student in need), Adult dinners \$15 and Children's \$7.00, ticket available here at the café.

As always, Maniac-Mikes would like to thank you for your patronage. We appreciate your business and if we can improve something please let us know. Have a blessed month.

Foothill Aircraft Parts & Service **(909) 985 - 1977**

Do you know we now have flat rate annual inspections? Do you know we have "owner-assisted" annual inspections. Cable tenants will not only save money, they will have a fully insured and FAA approved repair station's log book entry.

Need a wash or complete detail? We can handle that right at your hangar. **Call Curtis Cable 909 985 1977**

Message from **EAA Chapter 448 President Fred LaForge**
